Mines and Mining Stocks

TALISMAN AND CEDAR COMBINE Through this consolidation all chance of litigation over apexes is removed and the way is paved to the making of one of the really big mines of the southern

Properties Go Into One Powerful Organization.

and Talisman companies will get share for share in the new company, or 350,000 shares, while the remaining 300,000 shares will be turned into the treasury of the consodidated company for corporate purposes.

The consodidated company for corporate purposes.

The consodidated company for corporate purposes.

The consolidated company will control and own fifteen mining claims, five of which are patented, and embracing ap-proximately 300 acres of as rich mineral ground as has yet been found in the Star district of Beaver county. While definite arrangements will not be made

COPPER STOCKS IN **BOSTON AND NEW YORK**

Following is the daily market comment of Paine, Webber & Co., Boston, together with the range of prices of copper stocks and other Boston listings in which the west is interested, as well as a similar report on New York curb transactions, by James A. Pollock & Co., and from which it is secured for use in this department

Boston, Sept. 15.—The market was fairly strong in the early trading, with Union Pacific and Reading the features. Coppers were dull and neglected. About 2 o'clock heavy selling on election scare rumors caused a sharp decline all through the list and many stop orders were caught. The market will prbably open lower tomorrow on this class of selling. but we believe the large interests are still arrayed on the bull side and a rally before the close tomorrow

Two Pope-Hartfords Won the Gunnison **Endurance Race**

Fourteen cars left Salt Lake and the two Pope-Hartfords were the only cars that got through the mud and arrived in Gunnison. Not one of the other cars finished.

POWER, RELIABILITY.

TOM BOTTERILL

AUTOMOBILE CO. 62-64 West Third South.

mines to the new company, it is understood that both groups of claims (now all in one solid group) will be operated through the Cedar company's shaft, now

Things Will Be Doing If Slump Continues Much Longer.

The deal which has been pending for several weeks between the Cedar and Talisman Mining companies was finally concluded yesterday, and all that now remains to bring the two properties formally together is the ratification of the shareholders of each company in meeting called for the purpose. That this will be done is already assured, as the principals in each company would not have acted until they were sure the stock to ratify was going to be forthcoming.

According to the terms agreed upon, a new company, to be known as the Cedar-Talisman Consolidated Mines company, with a capital of 1,000,000 shares, par value to share in the new company, or 350,000 to the total of the present decline continues.

It is not believed, however, that any great amount of stocks are weakly held, and the fear of the brokers is probably exagrated to some degree. Practically everything was on the toboggan yesterday from Beck Tunnel to Uncle Sam and, with the exception of Sioux Consolidated, which is still being supported, no effort was made to stop the decline at any point. This market is going to be full of barrand Talisman companies will get share for share in the new company, or 350,000.

Sunk to 1,000 Level.

The adjourned session of the annual meeting of the New York Bonanza Mining company was held at noon yesterday. As there was no directed.

Der company has issued a statement showing who the present officers and directors are, what the capitalization of the company is, etc. In addition, the company completed its cleanup on Monday, when 12,600 ounces of bullion was shipped to the Selby smelter. In addition to the bullion, the company also shipped forty tons of concentrates, averaging between \$700 and \$800 a ton, bringing the August production up to the average, or from \$70,000 to \$80,000.

the plans of the company respecting LULU CO.'S CAMPAIGN OUTLINED BY MANAGER!

Manager D. P. Rohlfing, of the Lulu company's property, adjoining the Horn Silver at Frisco on the south, stated yesterday that actual mining operations The capitalization of the company is 1,500,000 shares, par \$10. Of this 414,000 shares is unissued treasury stock. The underground had not yet commenced though the buzz of drill and the muffled company has a bond issue of \$2,000,000 (6 per cent ten-year, gold), in denom-(6 per cent ten-year, gold), in denom-inations of \$1,000 each, and dated Sept. heard during the next few days. that the New York company's property had been sufficiently prospected on the levels opened to make it certain that, if a mine was to be made in the for the conversion of the bonds.

In 1907. Interest is payable semi-an-unally, March and Sept. 1, and 200,000 tillating machinery," said Manager Rohl-shares of treasury stock is reserved fing, "and, until that job is finished, we cannot go to mining on account of the

Of the bond issue \$400,000 has been we cut what is apparently the top of a be secured. To the Public.

Butte to visit Donald B. Gillies, who is in a hospital there, recovering from an operation performed for appendicitis a short time ago at El Paso, Tex. Mr. Macdonald was accompanied by Key Pittman of Tonopah and J. A. Smith of the Tonopah Extension, says the Bullfrog Miner.

"The Shoshone is presenting a better mineral showing with every day's development," said Mr. Macdonald to a Miner representative. "I went through the entire workings of the mine, and I feel greatly encouraged. While we have not entered the main ore shoot on the sulphide body at the 600, the ore now being extracted is of a good milling grade. It is tale, is more or less saturated with water, which renders treatment somewhat difficult. It is an excellent deposit, however, and greatly enhances the value of the property. On the whole, there is nothing disappointing about the Shoshone, and I hold that it is rapidly proving itself to be one of the big mines of the country." Polk's Utah State Gazetteer & Business Directory 1908-09 (covering the entire State) is now in press. All business and professional people who have made any changes in business or office address, as well as all newcomers, are requested to call at the Directory Office at once in order to insure correct insertion of their names and business in this well established work. Don't phone. W. P. COOPER, Sec. & Mgr. 617-620 Dooly Bldg.

About "That Good Coal"

> Some Coal burns up in a hot, fierce puff—is gone, and the fire is out. This is a poor Coal, especially for winter, isn't it? You like a Coal with some consistency and body that will give a good, steady fire all night. This is one reason we like Clear Creek Coal so well
